Departmental goals and objectives

The UIS Master’s of Public Administration degree (MPA) strives to advance the public interest and civic engagement. We educate current and future governmental and nonprofit public service professionals through the innovative integration of disciplinary knowledge and skills with practice. Our location in the state capital provides access to a diverse networked community of public affairs scholars, practitioners, and students.

Accredited by the Network of Schools of Public Policy, Affairs, and Administration (NASPAA), the MPA degree offers professional graduate education. The MPA degree is offered on campus and online.

MPA curricular requirements are designed to impart knowledge and skills essential to meet pressing public problems and to be successful in professional and administrative employment in public and nonprofit sectors. The knowledge and skills address understanding of legal, political, and administrative processes, organizational structures, the context of public sector and nonprofit organizations; the development of leadership capabilities; and knowledge of the governmental and nonprofit sectors.

Students may elect to pursue a graduate certificate along with their MPA degree. Options include the Graduate Certificate in Public Sector Labor Relations, the Graduate Certificate in Management of Nonprofit Organizations, the Graduate Certificate in Community Planning, or the Professional Certificate in Child Advocacy Studies (CAST). UIS CAST courses are certified by the National Child Protection Training Center and lead to professional certification through the Center.

In addition to the MPA degree, the UIS Public Administration Department and the UIS Public Health Department have established a joint degree, MPA/MPH. Students entering the degree without significant professional work experience in the public or private sector are encouraged to undertake internships as part of their program of study through the UIS Graduate Public Service Internship (GPSI) Program, the Illinois Legislative Staff Internship Program (ILSIP), or departmental internship programs.

Graduates of the MPA degree program will be able to understand and demonstrate knowledge and skills in the following competencies:

- Lead and manage in public governance
  - Communicate in a clear and concise manner
  - Apply relevant theories, knowledge, and skills to effectively manage resources and programs
  - Participate in and contribute to the public policy process

- Analyze, synthesize, think critically, solve problems, and make decisions
  - Demonstrate the ability to collect, analyze, and interpret data for use in decision making, and drawing conclusions
  - Critically read and apply findings from studies and reports

- Articulate and apply a public service perspective
  - Articulate the importance of and operate in a manner that facilitates democracy, equity, transparency, efficiency, and ethics
  - Communicate and interact productively with a diverse and changing workforce and citizenry.
  - Demonstrate a sensitivity of and respect for differences in culture

The Master’s Degree

Advising

Students will be assigned an advisor upon admission to the program.

Grading Policy

Public Administration students may apply up to six credit hours of C work toward the MPA Degree (grades of C- or lower will not be accepted). A maximum of eight hours of C (2.0) grades is applicable to the degree (grades of C- or lower are not accepted), provided that a minimum GPA of 3.0 is reached at time of graduation and an approved Student Petition form is on file in the Office of Records and Registration. All course work applied toward the MPA under this arrangement must be earned at the University of Illinois at Springfield while the student is enrolled in a graduate degree at UIS.

NOTE: Students also should refer to the campus policy on Grades Acceptable Toward Master’s Degrees section of this catalog.

Writing Competence

Faculty may identify writing deficiencies during courses and refer students to the Learning Hub.

Degree Requirements

The 36-hour curriculum of the MPA degree requires the following courses. Students are required to maintain a B (3.0 on a 4.0 scale) or higher cumulative GPA.

Course work

Prerequisites

Introductory U.S. government course or equivalent (PAD 501, PAD 504), microeconomics (PAD 504).

follows the same curriculum as the on campus degree, with a few exceptions. The Graduate Certificate in Management of Nonprofit Organizations and the Graduate Certificate in Community Planning are offered online. In addition, the joint degree in MPA/MPH is available online. Electives may vary. For more information, contact the MPA online coordinator.

Joint Degree Option - MPA/MPH

The MPA Department and the UIS Department of Public Health have established a joint degree in accordance with university policy. Students interested in this joint degree can contact either the MPA or MPH office. This joint degree requires two separate program applications. Students must meet entrance requirements for each. Students may complete a joint degree with a total of 66 credit hours, compared to a total of 88 for the two degrees separately. Students pursuing this joint degree will be required to complete an appropriate closure exercise in each of the two degree organizations. Upon completion, one diploma will be granted.

Elective Courses (12 Hours)

Courses that essentially duplicate or cover prerequisite-level material, even though such courses may be offered by other programs at the 500-level or higher, do not count. A total of four hours of internship credits are creditable toward the MPA and are considered inside elective credits.

Students pursuing the MPA typically follow one of two advanced professional development patterns. One pattern involves course work chosen from PAD offerings, often including fields such as personnel, budgeting, policy analysis/program evaluation, or organizational change/development. The second pattern involves completing advanced course work in PAD offerings in conjunction with course work offered by other UIS academic departments, such as legal studies (administrative law), management information systems, environmental studies, accountancy (public financial management), or human services (social services).

Master’s Closure

MPA degree candidates are expected to fulfill the campus closure requirements by earning a grade of B- or better in PAD 571. PAD 571 is open only to MPA majors who have already completed the degree core courses. The MPA faculty strongly recommends that majors enroll in the Capstone Seminar after completing PAD 501-PAD 507; however, majors may enroll in the Capstone Seminar while simultaneously completing their final core course. Generally, the capstone course is taken in the last semester of study.

Campus policy requires that PAD majors who enroll in PAD 571, but who do not complete the course in one semester, must enroll in PAD 572 Capstone Seminar Continuing Enrollment (zero credit hours, one billable hour), each fall and spring semester until the course work is completed.

Online Degree

The online degree allows students to participate in dynamic, diverse, and interactive online learning communities and to complete their degrees via the Internet. The online format enables them to complete course work using the latest networked information technologies for increased access to educational resources, advisors, and materials with no on-campus visits required. The 36-hour MPA online degree follows the same curriculum as the on campus degree, with a few...
Each student must complete at least 40 hours of course work, plus

Degree Requirements

- Completing at least four credit hours each fall and spring semester during the course work phase of the degree;

Grading Policy

The minimum acceptable grade for each course is a B (courses in which a grade of B- or lower is earned will not count toward the degree). Grades of B- or below, though not counting toward the DPA degree, must be balanced with higher course grades to maintain the required cumulative GPA. All students are required to maintain a B (3.0 on a 4.0 scale) or higher cumulative GPA.

NOTE: Students also should refer to the campus policy on Grades Acceptable Toward the Doctoral Degree section of this catalog.

Reasonable Progress Standard

Students must maintain reasonable progress toward the completion of the doctoral degree. The DPA program defines reasonable progress as follows:

- Completing at least four credit hours each fall and spring semester during the course work phase of the degree;
• Completing the dissertation proposal within two semesters of
  passing qualifying exams and completing all course work; and,
  from this point forward
• Enrolling in a minimum of one dissertation credit hour (PAD 690)
  each fall and spring semester until the dissertation is completed,
  defended, and accepted for a total of at least 12 hours.

In the event that a student is unable to maintain reasonable progress
  toward the completion of the doctoral degree, the student may request
  a leave of absence from the program by completing the Student
  Petition requesting such a leave and submitting it to the student’s
  advisor and the DPA director for approval.

A leave of absence may be granted for up to one semester. At the end
  of the leave of absence, the student may apply for an additional leave.
  If a leave of absence is not approved, degree progress and future
  enrollment will not be allowed. If, at a later date, the student wishes to
  resume doctoral studies, the student may reapply and be considered
  for re-admission during the regular admission decision periods. There
  is no guarantee, however, that a student whose leave of absence
  expired will be re-admitted to the program. The requirement for
  continuous enrollment will result in the assessment of tuition and fees
  for every fall and spring semester unless a leave of absence has been
  approved.
