Departmental Goals and Objectives

The goal of the department is to prepare students for challenging careers and positions of leadership in both the private and public sectors. Specific objectives of the department are to:

1. Create a professionally-oriented learning environment in which disciplinary competencies and professional ethics develop and grow;
2. Emphasize conceptual knowledge and the development of analytical and problem-solving skills;
3. Nurture a sense of personal, professional, and social responsibility;
4. Serve as an information resource and a networking hub for students, alumni, employers, and professional organizations.

Upon completion of a Bachelor’s degree through the College of Business and Management, students will meet the following goals and objectives:

- Demonstrate knowledge of key concepts in the major business disciplines, including accounting, economics, management, marketing, finance, information systems and the legal and social environment of business.
- Systematically analyze a business problem using appropriate methods. Students will be able to: effectively examine alternatives, analyze alternatives, and recommend an appropriate course of action.
- Demonstrate effective oral communication skills and the use of presentation technologies.
- Demonstrate effective written communication skills.
- Understand the use of information technologies in organizations.
- Understand, interpret, and analyze quantitative problems and quantitatively presented information.

The Bachelor’s Degree

The bachelor’s degree prepares students for careers in business, government, and nonprofit organizations. The objectives of the curriculum are to develop technical competencies in each of the major areas of accounting (financial, managerial, auditing, and taxation) and to provide students with educational qualifications needed for the professional certifications of certified management accountant (CMA), certified internal auditor (CIA), certified information systems auditor (CISA), and foundational knowledge required for certified public accountant (CPA).

Advising

New students must contact the department for initial advising to plan a program of study that satisfies degree requirements and reflects their interests. Students are also required to access the Degree Audit System throughout their college career to verify that degree requirements are being met.

Grading Policy

The Accountancy program has minimum grade requirements as noted in the Degree Requirements section outlined below. For questions related to the grading policy, please contact your advisor.

Degree Requirements

Foundation Requirements
