## Sustainable Development and Policy Concentration

This concentration explores theories of sustainable development and policy in order to:

- 1. Understand the historical context and critically evaluate the current framework of natural resources and environmental policy
- 2. Gain a comprehensive understanding of the conceptual elements of sustainability
- 3. Communicate and evaluate issues in sustainable development policies and practices
- 4. Examine how shifts in natural resources and environmental policy might contribute to sustainable development

## Requirements

## **Core Requirements**

Total Hours		40
