The goal of the comprehensive B.B.A. option is to develop a broad-based education of the business enterprise through advanced study in the business functional areas such as finance, management, marketing, and operations management. Specific objectives of this option are to:

1. Build advanced competencies in critical and ethical thinking, analysis, and decision making related to the business enterprise
2. Enable students to gain a broad comprehensive understanding of the functional areas of business

Advising

New students must contact the department for initial advising to plan a program of study that satisfies degree requirements and reflects their interests. Students are also required to access the Degree Audit System throughout their college career to verify that degree requirements are being met.

The College of Business and Management and the University of Illinois Springfield have a team of advisors ready to assist students in achieving their academic and career preparation goals. Advising services are customized based on the level and location of the student. Refer to Academic Advising - College of Business and Management for resources to help you succeed in achieving your academic goals. CBM strictly enforces prerequisites.
