2. An ability to collect and interpret information about consumers and their decision making processes
3. Abilities to use new technologies available in media, retail and other business areas to develop competitive marketing strategies

## Advising

New students must contact the department for initial advising to plan a program of study that satisfies degree requirements and reflects their interests. Students are also required to access the Degree Audit System throughout their college career to verify that degree requirements are being met.

The College of Business and Management and the University of Illinois Springfield have a team of advisors ready to assist students in achieving their academic and career preparation goals. Advising services are customized based on the level and location of the student. Refer to the Undergraduate Academic Advising - College of Business and Management for resources to help you succeed in achieving your academic goals. CBM strictly enforces prerequisites.
