

Health and Humanity Minor

To earn the Minor in Health and Humanity, students must complete a minimum of 15 credit hours, at least three courses must be at the upper-division (300 -400) level.

This is a multidisciplinary minor; students are required to take courses in at least 2 disciplines.

Advising:

Students should contact the Sociology and Anthropology Department or the English Department to be paired with a Health and Humanity advisor who can help them clarify their goals and select appropriate courses.
